

## **Active Attacker Threat Readiness Self Test**

Are you, your family, your employees, your patrons, your business ready in the event you find yourself faced with an Active Attacker situation? Take the simple test below to find out. Answer yourself honestly; The questions below are not even 1/3 of what is involved. Call us today for all your security consulting and training needs. We are Here to Protect, Ready to Defend!

1. What is the 1st thing you should do when an armed individual comes into your business or church or group facility?
2. If you are armed, can you draw your weapon out, take it off safe, take aim and shoot the attacker accurately within 3 seconds?
3. What do you do if nobody around you has a firearm and the attacker is right there?
4. What do you do if children are present and near the attacker? Do you shoot? If so, why? Do you not shoot? If not, why not?
5. How will you contact law enforcement if you are hiding and must be quiet? How can you help them?
6. How do you get yourself and others to safety?
7. Do you know where the safest place in your building is?
8. What do you do when law enforcement arrives and enters the building? (Assuming that the shooter is still in the building)

If you cannot answer these questions correctly and honestly to yourself, (yes there are right and wrong answers to some), then you should attend our Active Attacker Threat Response course, you need Emergency Response consulting, you NEED A PROFESSIONAL AND KNOWLEDGEABLE SECURITY FIRM TO HELP! THAT IS WHEN YOU CALL US [Castle Defense 360 Security Consulting](#)
